

Regional Feedback & Insights

First Nation Land Governance Registry (FNLGR)

OPEN HOUSE SERIES

West Region | Prairie Region | East Region

Regional Feedback

- What is the biggest challenge you face with the current land registry?
- What features would you prioritize in a new land governance system?
- How can the registry better support your economic development goals?

Please submit questions or comments through **Slido**

Targeted Questions

Current Challenges:

- What are the biggest challenges your community faces with the current land registry system, and how do these challenges impact your governance and economic activities?

Privacy and Data Security:

- How important is data privacy and security in the land registry system, and what specific measures would you like to see implemented to address your concerns?

Economic Development:

- In what ways can a new land registry system better support economic development initiatives and attract investment for your community?

Regional Needs:

- What unique considerations or features should be included in the land registry to reflect the specific needs of your region or community?

Accessibility and Usability:

- How can the land registry be improved to make it more accessible and user-friendly for land governance staff and community members?

Future Collaboration:

- What strategies or tools would you suggest to ensure ongoing collaboration and feedback between First Nations, land professionals, and the registry developers?
