Workshops

RC continues to work towards providing future training and Lands Governance capacity development under the Framework Agreement. Audiences will be advised as workshops and courses become available.

- Information Workshops – these session are intended to deliver general information and updates on specific topics that are of interest to our managers, directors and communities
- Learning Workshops – where knowledge is directly delivered by selected experts in the subject mat

Online Courses

Online Courses are short courses that have been created on topics that are informed by the key functions of a Lands Governance Director, Lands Manager or other Lands related staff operating under the Framework Agreement. These courses also have a supporting Workbook, presentation and supplemental resources that can be used in webinars, workshops and individual learning. Courses are reviewed and updated periodically as laws and other content changes come into effect. There are presently over 50 online courses available, with several additional ones in development.

Land Governance Manual (LGM)

The LGM is a resource tool for Operational First Nations. It provides extensive documentation, process support and guidance. It is available through an electronic App format for Lands staff to reference as required. It plays a central role in the workshops and webinars and is regularly updated and refined based on First Nation successes, challenges and needs.
