11:50 **Summary of workshop**

# Introduction

## Who We Are

A First Nations organization dedicated to serving and supporting First Nations communities who want to re-establish control over their lands, natural resources, and environment through the historic government-to-government *Framework Agreement on First Nation Land Management*.

## What We Do

The Resource Centre is dedicated to supporting First Nations communities, when invited, in the following ways:

- Intergovernmental Relations in support of the *Framework Agreement on First Nation Land Management's* ongoing implementation
- Training, resources and support services for signatory First Nations as they develop and implement their community land codes
- Providing information to interested First Nations

# First Nation Land Management Resource Centre

## First Nation Requests Support

**RC Support Technicians / Managers**

## Land Code Governance

- The RC works with First Nations in relation to their reserve lands to support Lands Governance Offices, Lands Advisory Committees, as well as Chief and Council
- RC does not advise individual band members, businesses or corporations
- RC advisory role is not a substitute for professional services to the First Nation (lawyers, accountants, engineers, land use planners etc.)
- RC staff may be accompanied by LAB directors for Chief and Council discussions where political engagement strategies are to be discussed
- RC support to lands offices can include assistance in engaging with outside agencies
- RC First Nation Support Technicians are your primary service contacts – they can find other supports within the RC

# Join one of the following sessions:

*Breakout Room 1*

**Law Development  
& Enforcement**

*Breakout Room 2*

**Communication &  
Public Relations**

*Breakout Room 3*

**LGM & Knowledge  
Path Tool**
