Options for Community Approval Process

Welcome

This courselet will provide information to aid a signatory First Nation (FN), who has signed off on their Community Approval Process Plan (CAPP), determine what voting option their community will use to approve a FN Land Code (LC) and an Individual Agreement.

A FN has three voting options to choose from:

- Registered
- Unregistered
- Other

The material provided in this courselet is current to the date of the courselet.

Thank you to Gina Beddome, Ratification Officer (RO) and A1 Gross, Verifier, for providing their technical expertise in the development of the series of four (4) Community Ratification Process (CRP) courselets.

The Big Picture

Introduction:

One of the main requirements under the Framework Agreement on First Nation Lands Management ("Framework Agreement") is for a signatory FN to approve a community approval process by signing off on their CAPP and approving a FN CRP document.

CRP:

It is the CRP document that sets out the procedures for a FN on whether to approve its LC and Individual Agreement as required under the Framework Agreement.

The CRP is how the FN meets its obligation to ensure that each Eligible Voter has the opportunity to become informed and an opportunity for a free vote. When a FN strictly adheres to its approved CRP it fulfills its due diligence and remains transparent to its community.

Community Approval Process Plan:

The CAPP document outlines the activities of the community approval and is the agreement to implement the relevant FN ratification provisions of the Framework Agreement.

Annex A of the CAPP outlines the FNs requirements under the Framework Agreement and the First Nations Land Management Act (FNLMA). Click on attachments for a copy of Annex A and FNLMA.

Framework Agreement

The Framework Agreement in Section 7 outlines the requirements for a community approval of the LC and Individual Agreement. Click on attachments for a copy of the Framework Agreement.

Community Approval Process

Introduction:

Since it is mandatory under the Framework Agreement that a FN must seek community approval of a LC and Individual Agreement a FN must decide on a process to achieve this approval.

What does the Framework Agreement say about a process for community approval?

The Framework Agreement in Section 7.3 sets out three different ways to consider a FN can carry out their community approval and voting process.

Section 7.3 states:

The land code and individual agreement will be considered approved by the community if:

- (a) a majority of eligible voters participate in the vote and at least a majority of the participating voters vote to approve them;
- (b) the First Nation registers all eligible voters who signified, in a manner determined by the First Nation, their intention to vote, and a majority of the registered voters vote to approve them; or
- (c) the community approves them in such other manner as the First Nation and the Minister may agree upon.

How does a FN determine which process they will use?

The Lands Advisory Board Resource Centre (LABRC) field staff is there to aid a FN (if required/requested) in determining their community approval process by:

- Providing technical information
- Providing CRP template documents
- Helping a FN to determine which community voting procedures to use
- Helping to redraft the CRP template to suit the needs of the FN (check with the LABRC staff to ensure it is the latest copy of the CRP template).

Other resources available to the FN is the Virtual Resource Centre (VRC) which contains important information, templates and examples on the community approval process such

Options for Community Approval

Introduction:

The FN must determine which community approval voting process they wish to go with. The chosen process is described in the CRP document.

Options for Community Approval Voting

There are three options for community approval voting.

Whichever method the FN chooses to use, the Framework Agreement mandatory requirement is that 25% plus one (1) of all Eligible Voters at a minimum must vote "Yes" in order to approve the ratification documents (i.e. Land Code and Individual Agreement). This puts a greater standard of approval, for registration, than the federal approach or regulations (i.e. *Indian Act* voting method) because the vote must be passed with a greater than a simple majority approval.

Picture: Comparison of the Framework Agreement and *Indian Act* Voting Methods

Comparison Framework Agreement and Indian Act Voting Methods	
Framework Agreement	Indian Act
<p>The 25%+1 minimum approval rule under the Framework Agreement applies for all three voting methods and also applies to any subsequent re-vote (e.g. second vote).</p> <p>The 25%+1 approval rule is a minimum standard to ensure a threshold of voter participation.</p> <p>Voter turnout for ratification votes under the Framework Agreement regularly exceeds the minimum 25%+1 approval rule and voter turnout usually exceeds those conducted under the Indian Act.</p>	<p>The Indian Act referendum regulations expressly recognizes the Framework Agreement's Non-Participated voting method. However, the Indian Act says that during a second vote, there is no minimum voter participation rule, only a majority vote is required.</p> <p>For example under the Indian Act in a second vote, 3 voters could show up and 2 could vote in favor and the issue would be considered legally approved.</p>

Three Options for Community Approval Voting

The Framework Agreement provides three (3) voting options for First Nations. These options are:

- Unregistered - Section 7.3 (a)
- Registered - Section 7.3 (b)
- Other - Section 7.3 (c)

FNs need to understand all three approaches in order to make their choice and reflect it in their CRP document. "Registered" approach is the most used option. The "Unregistered" approach has been used by a couple of FNs and "Other" approach has never been used.

Main Difference Between Registered and Unregistered Voting Options

The main difference is that the registered method is set up so that only interested Eligible Voters who register can vote, so only Registered Voters will be allowed to vote.

The unregistered method is set up where all Eligible Voters can vote.

Another difference between registration and non- registration is in the numbers participating and the minimum approval. A FN should concentrate on percentages, not non-participation. You could wait around all day for Registered Voters to not show up. A FN may want to focus on the ability of a FN to get the minimum numbers of electors to participate in order to decide which method to use.

CRP Template Documents

The LABRC has produced a model Registered CRP and a model Unregistered CRP document. These model templates meet all Of the necessary requirements Of the Framework Agreement.

If a FN chooses to use the model templates then, in all likelihood, the Verifier will be able to verify their CRP and the FN can then focus their work on an acceptable base which will save considerable time and expense.

Registered Method

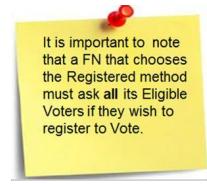

Introduction:

We will take a look at the registered method first as this option is the one most used by FNs to-date. Even though the registered method results in an extra step and more work this is the approach most FNs choose because it is easier to acquire the required voter's participation numbers.

This method also creates more dialogue between the FN administration and their Eligible Voters. This helps the FN to inform their Eligible Voters which is one of the key requirements of the CRP.

What is the Registered Method?

The registered method is set up so that only interested Eligible Voters who register can vote. Therefore the registered method requires that a FN gives every Eligible Voter the option to vote.

Why Chose the Registered Method?

The reason most FNs choose to use the registered method is usually because by using this approach it is more likely that the FN can meet the voting requirements that the Framework Agreement requires them to meet. These requirements relate the minimum number of voters that must participate in the vote.

How does an Eligible Voter Register to Vote?

The Eligible Voters must signify in writing if they wish to vote and must register with the RO.

A FN CRP can allow for registration by mail and at the poll on voting day. Therefore all Eligible Voters have the opportunity to vote even if they do not register before the voting day because they can come to the poll and register first and then cast their ballot.

What if an Eligible Voter does not want to vote?

If an Eligible Voter does not want to vote they should formally indicate that they do not wish to vote and are not issued a ballot. They are not counted in terms of the overall ratification exercise.

What is the Eligible Voter registering for?

Registering to vote is for the LC and Individual Agreement vote only. This registration has nothing to do with registration as a band member or other votes (e.g. Council vote) that the FN may conduct.

What approach does a FN use to register their Eligible Voters?

The FN must use an approach to register their Eligible Voters that the Verifier is able to verify. The model Registered CRP that LABRC provides suggests an approach that has been successfully used by many FNs.

Unregistered Method

Introduction:

The unregistered/non-registered method, to-date, has been used by only a couple of FNs. One FN chose this method because it was the closest to their "Custom " voting process. They felt their Eligible Voters would feel more comfortable using this method as it was familiar. There is a Unregistered CRP template available for any FN that so chooses this method.

What is the Unregistered Method?

The unregistered method is:

That in order to approve the ratification documents in a non-registered vote a majority of Eligible Voters are required to participate in the vote and at least a majority of the participating voters need to vote to approve them.

What is the main difference of the Unregistered Method?

The main difference is that this method does not require voters to register and one of the requirements is that a majority of the Eligible Voters are required to vote "yes" in order to approve the ratification documents as opposed to a majority of Registered Voters in the registration approach.

What is the required number of votes to approve the ratification documents?

For a vote that approves the ratification documents under this option, a minimum 50% plus 1 of all Eligible Voters must participate (show up or mail-in) in a vote. Of those that vote plus 1 must vote "Yes" to approve the ratification documents, as long as the number of "Yes" votes is greater than 25% of all eligible voters.

For example in a community of 1000 Eligible Voters, at a minimum 501 must show up to vote and at a minimum 251 must vote to approve the ratification documents.

It is considered failed if 500 members show up to vote because of the failure to meet the minimum required voter turnout of 501 Eligible Voters. Ballots are not even opened; it doesn't matter if 450 voted to approve.

Minimum 25% plus one is 251 in this scenario.

See next slide for a visual of how this works.

Unregistered Vote

Unregistered Vote Example based on 1000 Eligible Voters

- If Community has 1000 Eligible Voters
- At minimum 501 must show up to vote
- At minimum 252 must vote to approve the ratification documents
- Framework Agreement minimum requirements (25+1) vote to approve = 251

Other Method

The "Other" method is where the community approves the ratification documents in such other manner as the FN and Minister may agree on.

To-date this option has never been used.

This voting process is not to be confused with custom rules made under the *Indian Act*.

This voting method still requires an approval minimum of 25% plus 1 Eligible Voters

Community Approval Calculation for the Vote

Introduction

The community approval calculation for a Registered Vote and a Non-Registered vote can be difficult to understand because the concept of multiple thresholds (i.e. at least 25% of eligible voter, at least 50% Of registered voter, at least 50% Of those who participate) is not a concept that has traditionally been used. As a result, the verifier is well prepared for these discussions with the FN.

The Community Approval Calculation

Al Gross, Verifier, has developed community approval calculation excel documents that are designed to assist the FN to determine its numbers and to discuss the outcome with Council before determining which option to choose. These documents look at registered and unregistered approaches. We will not be looking at "Other" approach but if we did it would require the same minimum requirements.

For both approaches there are a minimum number of votes required to approve the ratification documents (i.e. LC and Individual Agreement). This minimum requirement is that at least 25% of the FN's Eligible Voters need to vote "Yes".

Sample Community Approval Calculation Excel Documents

The sample documents are designed to aid a FN in determining it numbers and:

- Contains some explanatory notes which you may find helpful
- Are interactive, as you will be able to develop scenarios Other than the ones that are currently reflected. Which is helpful for planning and discussion purposes
- Allow you to change the number of Eligible Voters and the number of pre-registered and Registered Voters. The spreadsheet will do all the calculations for you.

If you have questions about the excel documents, please contact your Verifier.

Sample Scenario for Registered Vote

In this scenario we will look at 100k at 1000 Eligible Voters. For a Registered Vote this scenario looks at the number Of Eligible Voters who registered whether by mail or registering at the polling station.

Based on the number of Eligible Voters and the number Of Registered Voters a FN can determine how many "yes" votes are required to approve the LC and Individual Agreement.

The number of yes votes must meet the minimum requirements Of the Framework Agreement. Click on the "Sample Registered Vote Community Approval Calculation (with voter registration) to see the results if a FN has 1000 Eligible voters.

Sample
REGISTERED VOTE COMMUNITY APPROVAL CALCULATION
(WITH VOTER REGISTRATION)

In this scenario we will look at 1000 Eligible Voters under a Registered Vote:

Total Eligible Voters	= 1000
Total Registered Eligible Voters	= 400
50% of total Registered Eligible Voters + 1	= 201
<u>Framework Agreement minimum requirements for this scenario</u>	
25% of Total Eligible Voters +1	= 251
<u>Ratification Process Results</u>	
(A) Number of Registered Voters necessary to constitute a majority =	201
(B) Minimum Requirements (25% plus 1 Eligible voters)	= 251

NOTE:
For this approach (B) Framework Agreement minimum requirements (251) has to be used as approach (A) Number of Registered Voters necessary to constitute a majority did not meet the minimum requirements. With the (B) approach the number of Yes votes (251) can be obtained with a lower voter turnout (400 Total Registered Eligible Voters) than the "unregistered" (201) voter turnout approach because only Eligible Voters who registered will vote. This approach creates considerable dialogue between the FN and the voters about the requirements of the Framework Agreement with a lower voter turnout. This actually seems to increase voter turnout because the approach causes considerable dialogue between the FN and the voters. This dialogue creates interest and understanding of the process and the Land Code.

Sample Scenario for Unregistered Vote

In this scenario we will look at 100k at 1000 Eligible Voters. For an Unregistered Vote this scenario looks a the number Of Eligible Voters.

Based on the number Of Eligible Voters a FN can determine how many "yes" votes are required to approve the LC and Individual Agreement.

The number of yes votes must meet the minimum requirements Of the Framework Agreement.

Click on the "Sample Unregistered Vote Community Approval Calculation without voter registration) to see the results if a FN has 1000 Eligible Voters.

SAMPLE

UNREGISTERED VOTE COUNT APPROVAL CALCULATION

ENTITLED VOTER REGISTRATION

In this exercise we will look at 1000 eligible voters and 1000 unregistered voters.

Total Eligible Voters	= 1000
At least 60% of these eligible voters I need to vote	= 600
At least 60% of these voters + 1 needed to vote	= 601
Framework Agreement minimum requirements for this scenario	= 201
At least 60% of Total Eligible voters + 1 needed to vote yes	= 201
Minimum Requirements	= 201
(A) Number of eligible voters necessary to constitute a Majority	= 202
(B) Minimum Requirements (60% plus 1 Eligible voters)	= 201

NOTE:

With the approval the number of eligible voters that need to vote is 60% which is the required minimum to pass the vote. This is the same as the Framework Agreement minimum requirement for this scenario. But the operational requirements determine the Framework Agreement 60% + 1 for this vote (201).

Summary

The Framework Agreement in Section 7 sets out a community approval process for the transfer of jurisdiction over reserve lands and resources from Canada to the FN.

The community approval process is to seek community approval of the LC and Individual Agreement. A FN must decide on which process they will use based on the Framework Agreement's three options set out in Section 7.3.

Once the FN chooses an option under Section 7.3 then they must approve a CRP document. The LABRC field staff are there to aid any developmental FN in regards to the community approval process, the CRP, Verifier and Ratification Officer.

For further information on the CRP please review the following CRP courselets:

Options for Community Approval Process Glossary of Terms

Community Approval Process Plan (CAPP)

The CAPP is a planning document that identifies the respective activities of each of the First Nation and Canada to facilitate a cooperative and coordinated effort and identifies the steps required to reach a Land Code vote within a 2 year timeframe.

Community Ratification Process (CRP)

The CRP is a document that sets out the procedures and rules of the community approval process for the transfer or jurisdiction of reserve lands from Canada to the First Nation and for the First Nation's Land Code and Individual Agreement. There are three available options to the First Nation, under the *Framework Agreement*, for the community approval voting process. The CRP document will describe in detail the process that the First Nation has chosen to use, how the vote is to be conducted and who is eligible to vote.

Developmental

When referring to the *Framework Agreement* "developmental" means those First Nations who are signatories to the *Framework Agreement* and who are developing a Land Code, an Individual Agreement with Canada, and a community approval process to ratify the Framework Agreement, Land Code and Individual Agreement through a vote of the eligible voters.

Due Diligence

The Framework Agreement requires a vote of membership for both the Land Code and Individual Agreement. A vote is not possible unless membership is making an informed decision. This involves an understanding of the implications of assuming management of the lands by becoming fully informed of their legal obligations, liabilities and responsibilities before making a final decision on whether or not to approve a Land Code and Individual Agreement and also making an informed decision as to which lands to include or exclude from the Land Code. First Nations, as part of carrying out due diligence will also: (1) make reasonable inquiries to confirm the facts on which the approval decision is to be based (e.g. that leases are valid or that an environmental site assessment is satisfactory); and, (2) assure itself of the ability of the other party (i.e. Canada) to carry out its responsibilities under the Framework Agreement and Individual Agreement, all for the purpose of evaluating the risks to the First Nation of approving a Land Code.

Eligible Voter

Eligible Voter means a Member of a First Nation who is 18 years of age or older on Voting Day.

First Nations Land Management Act

Is an Act providing for the ratification and bringing into effect of the Framework Agreement on First Nation Land Management. The Act was required under the *Framework Agreement* for two purposes: to ratify the *Framework Agreement*, and to implement those clauses of the *Framework Agreement* that affect third parties or other federal laws, or that are considered important enough to be repeated in the legislation. The *First Nations Land Management Act* is intended to be consistent with the *Framework Agreement* and to apply to the First Nations that are signatories to the *Framework Agreement*. The Act was enacted and given royal assent on June 7, 1999.

Framework Agreement on First Nation Land Management (*Framework Agreement*)

The *Framework Agreement on First Nation Land Management* is a government-to-government agreement. The *Framework Agreement* is an initiative for First Nations to opt out of the land management sections of the *Indian Act* and take over responsibility for the management and control of their reserve lands and resources. The *Framework Agreement* sets out the principal components of this new land management process. The *Framework Agreement* provides First Nations with the option to manage their reserve lands under their own Land Codes. Until a First Nation community develops and approves a Land Code to take control of its reserve lands and resources, federal administration of their reserve lands continues under the *Indian Act*. The *Framework Agreement* is not a treaty and does not affect treaty rights or other constitutional rights of the First Nations.

Indian Act

The *Indian Act* is Canadian federal legislation, first passed in 1876, and amended several times since. It sets out certain federal government obligations and regulates the management of Indian reserve lands, Indian moneys and other resources. Among its many provisions, the Indian Act currently requires the Minister of Aboriginal Affairs and Northern Development Canada to manage certain moneys belonging to First Nations and Indian lands and to approve or disallow First Nations by-laws.

Individual Agreement

An Individual Agreement between each First Nation and Canada will be concluded to deal with such matters as: the reserve lands to managed by the First Nation, the specifics of the transfer of administration of land from Canada to the First nation, e.g.

the interests in land held by Canada that are to be transferred to the First Nation, the transfer of revenues and an interim environmental assessment process, and the funding to be provided by Canada to the First Nation for land management.

Land Code

A Land Code will be the basic land law of the First Nation and will replace the land management provisions of the *Indian Act*. The Land Code will be drafted by the First Nation and will make provision for the following matters: identifying the reserve lands to be managed by the First Nation (called “First Nation land”), the general rules and procedures for the use and occupation of these lands by First Nation members and others, financial accountability for revenues from the lands (except oil and gas revenues, which continue under federal law), the making and publishing of First Nation land laws, the conflict of interest rules, a community process to develop rules and procedures applicable to land on the breakdown of a marriage, a dispute resolution process, procedures by which the First Nation can grant interests in land or acquire lands for community purposes, the delegation of land management responsibilities, and the procedure for amending the Land Code.

Lands Advisory Board Resource Centre

Under the *Framework Agreement*, the First Nations have established a Lands Advisory Board (LAB) and a LAB Resource Centre (LABRC) to assist the First Nations in implementing their own land management regimes. The LAB is the political body composed of Chiefs regionally elected from among the First Nations involved. The LABRC is the technical body intended to support First Nations in the developmental and operational phases implementing the Framework Agreement

The LABRC’s functions are:

- developing model land codes, laws and land management systems
- developing model agreements for use between First Nations and other authorities and institutions, including public utilities and private organizations
- on request of a First Nation, assisting the First Nation in developing and implementing its land code, laws, land management systems and environmental assessment and protection regimes -assisting a verifier when requested by the verifier
- establishing a resource centre, curricula and training programs for managers and others who perform functions pursuant to a land code
- on request of a First Nation encountering difficulties relating to the management of its First Nation lands, helping the First Nation in obtaining the expertise necessary to resolve the difficulty
- proposing regulations for First Nation land registration

Ratification Documents

Ratification documents means: the Land Code and Individual Agreement.

Ratification Officer

The Ratification Officer is an impartial and independent contractor who is appointed by the First Nation to conduct the community ratification vote in accordance with the First Nation Community Ratification document.

Registered Voter

Registered Voter means an Eligible Voter who has registered to vote in accordance with First Nation Community Ratification.

Simple Majority

Simple majority means a majority in which the highest number of votes cast for any one candidate, issue, or item exceeds the second-highest number, while not constituting an absolute majority. This method does not require a “quorum” or minimum number of eligible voters to cast a ballot. This method of voting happens most often under the *“Indian Act”* elections for Chief and Council and can occur under land designation votes when a first vote has failed to yield a majority of eligible voters at the polls.

Verifier

The Verifier is an independent person who is jointly selected by the First Nation and Canada, in accordance with the *Framework Agreement*. The Verifier carries out the Verification components of the Developmental Phase that are identified in the CRP document and thus ensures that all aspects of the ratification process are satisfactorily conducted.

10. CERTIFICATION OF LAND CODE

- 10.1 Where a First Nation approves a land code and its individual agreement with the Minister, the First nation council must, without delay, send a true copy of the land code to the verifier together with a statement from the First Nation council that the land code and the individual agreement were properly approved.
- 10.2 Upon receiving a copy of a First Nation's land code and statement, the verifier will, subject to clause 11, certify the land code as being valid.

11. **DISPUTED VOTE**

- 11.1 The Minister or any eligible voter may, within five days after the conclusion of the vote, report any irregularity in the voting process to the verifier.

 - (1) the process by which the land code was approved varied from the process previously confirmed by the verifier or was otherwise irregular; and
 - (2) the land code might not have been approved but for the irregularity in the process.
- 11.3 Before making a decision under this clause, the verifier will provide the First Nation and the Minister with a reasonable opportunity to make submissions on the issue.
- 11.4 Any decision by a verifier under this clause must be made within 10 days of the conclusion of the vote."

2.2 Les terres de première nation comprennent tous les intérêts et droits ou tous les droits fonciers et autres droits ainsi que les ressources relatifs à ces terres dans la mesure où ils relèvent de la juridiction du Canada et font partie de ces terres.

2.3 Les parties reconnaissent que les terres de premières nations sont des terres réservées aux Indiens au sens du point 24 de l'article 91 de la Loi constitutionnelle de 1867.

4.2 Any reserve, title to which is vested in Canada, and managed by a First Nation under a land code, will continue to be vested in Canada for the use and benefit of the respective First Nation for which it was set apart.

4.3 Where a First Nation wishes to manage a reserve, the whole of the reserve will be included as First Nation land to avoid disjointed administration of the reserve, subject to clauses 4.4, 4.5 and 4.5A.

4.4 Subject to clause 4.5A, a portion of a reserve may be excluded from a land code only if:

(a) the portion of the reserve is in an environmentally unsound condition and the condition cannot be remedied

3.2 Les intérêts ou droits fonciers sur les terres de première nation octroyés au Canada pour l'exploitation du pétrole et du gaz en vertu d'un code foncier seront réputés être des « terres indiennes » au sens de la Loi sur le pétrole et le gaz des terres indiennes.

4. RÉSERVES

4.1 Les réserves gérées par une première nation en vertu d'un code foncier demeurent des réserves au sens de la Loi sur les Indiens.

4.2 Toute réserve, dont le titre est détenu par le Canada et qui est gérée par une première nation en vertu d'un code foncier, continuera d'appartenir au Canada à l'usage et au profit de la première nation pour laquelle la réserve fut mise de côté.

(d) there exist one or more other reasons which the First Nation and the Minister agree justify excluding a portion of a reserve.

4.5 A portion of a reserve may not be excluded if the exclusion would have the effect of placing the administration of a lease or other interest or right in land in more than one land management regime.

4.5A Land may be excluded from the application of the land code when it is uncertain whether the land forms part of the reserve. An exclusion for this reason shall be without prejudice to the right of the First Nation or Her Majesty to assert that the land forms part of the reserve. If excluding the land would have the effect of placing a lease, other interest or right in land in more than one land management regime, then all land that is subject to that lease, interest or right shall be excluded from the application of the land code.

des mesures réalisables sur les plans technique et économique ne permettront pas de l'assainir avant la présentation prévue du code foncier à l'approbation de la communauté;

4.5A Une terre peut être exclue de application du code foncier lorsqu'il y a incertitude quant à la question de savoir si la terre est située ou non dans la réserve. L'exclusion pour ce motif ne porte pas atteinte au droit de la première nation ou de Sa Majesté de faire valoir que la terre fait partie de la réserve. Si l'exclusion a pour effet d'assujettir un bail ou tout autre intérêt ou droit foncier à plus d'un régime de gestion foncière, toute la partie de la réserve qui est assujettie au bail ou autre intérêt ou droit foncier doit être exclue de l'application du code foncier.

4.6 The First Nation will make provision to

amend the description of its First Nation land in its land code to include the excluded portion of the reserve when the First Nation and the Minister agree that the condition justifying the exclusion no longer exists and the individual agreement will be amended accordingly.

PART II OPTING IN PROCEDURE

4.6 Lorsque la première nation et le ministre conviennent que la condition justifiant l'exclusion d'une partie d'une réserve n'existe plus, la première nation fera en sorte que la description des terres de première nation contenue dans son code foncier soit modifiée pour y inclure la partie jusqu'à présent exclue et l'accord distinct sera modifié en conséquence.

18.4 In any proceeding, a copy of a First Nation law, appearing to be certified as a true copy by an officer of the First Nation is, without proof of the officer's signature or official character, evidence of its enactment on the date specified in the law.

18.5 This Agreement does not affect or extend existing rights and powers, or create additional rights and powers, related to fisheries.

19. ENFORCEMENT OF FIRST NATION LAWS

19.1 To enforce its land code and its First Nation laws, a First Nation will have the power to

- (a) establish offences that are punishable on summary conviction;

d) pour régir la prestation de services locaux relatifs aux terres de première nation et l'imposition de frais équitables à leurs usagers;

e) pour régir la prestation de services de règlement extrajudiciaire des différends relatifs aux terres de première nation.

18.3 Le code foncier ne traite pas de l'imposition des biens réels ou personnels ou des immeubles ou meubles. L'article 83 de la Loi sur les Indiens continue de s'appliquer.

18.4 La copie d'un texte législatif de la première nation paraissant certifiée conforme par un fonctionnaire de la première nation fait foi, dans le cadre de toute procédure, de son adoption à la date qui y est inscrite sans qu'il soit nécessaire de prouver l'authenticité de la signature ou la qualité officielle du signataire.

18.5 Le présent accord ne modifie en rien les droits et pouvoirs actuels relatifs aux pêcheries, ni ne crée des droits ou pouvoirs additionnels à cet égard.

19. CONTRÔLE D'APPLICATION DES TEXTES LÉGISLATIFS DE LA PREMIÈRE NATION

19.1 Aux fins de contrôle d'application de son code foncier et de ses textes législatifs, la première nation peut :

19.4 A person appointed as a justice of the peace under this clause will have jurisdiction to try offences established by or under a land code or a First Nation law.

19.5 Decisions made by a justice of the peace appointed under this clause may be appealed to a court of competent jurisdiction.

amendes, l'emprisonnement, la restitution, les travaux d'intérêt collectif ou toute autre mesure de nature à assurer l'observation de ces textes;

c) établir, conformément aux lois fédérales, des mesures de contrôle d'application de ces textes notamment en matière d'inspection, de perquisition, de saisie, de prise d'échantillons, d'examen et de communication de renseignements.

19.2 Les textes législatifs de la première nation peuvent, à ces fins, reproduire ou incorporer par renvoi la procédure sommaire du Code criminel.

19.3 La première nation ou le gouverneur en conseil peut nommer des juges de paix chargés d'assurer le contrôle d'application des textes législatifs de la première nation. En l'absence de juges de paix, les poursuites relatives aux textes législatifs de la première nation sont instruites devant les tribunaux provinciaux.

19.4 Il relève de la compétence du juge de paix nommé aux termes du présent article d'instruire les poursuites relatives aux infractions créées par un code foncier ou par un texte législatif de la première nation.

19.5 Les décisions du juge de paix nommé aux termes du présent article sont susceptibles d'appel devant un tribunal compétent.

19.6 La première nation est tenue de protéger l'indépendance des juges de paix qu'elle nomme, de façon analogue à ce que font les provinces, par exemple la durée de

remuneration.

19.7 The First Nation and Canada may enter into agreements for the training, supervision and administrative support for justices of the peace appointed by the First Nation. Provinces may also be parties to such agreements with First Nations.

19.8 The First Nation and Canada will enter into an agreement for the appointment, training, supervision and administrative support for any justice of the peace appointed under this clause by the Governor in Council. The affected province will be invited to participate in the development of and be a party to such agreement.

19.9 For the purpose of prosecuting offences, the First Nation will follow one or more of these options:

- (a) retain its own prosecutor;
- (b) enter into an agreement with Canada and the government of the province to arrange for a provincial prosecutor; or
- (c) enter into an agreement with Canada to arrange for a federal agent to prosecute these offenses.

20. APPLICATION OF FEDERAL LAWS

19.8 La première nation et le Canada sont tenus de conclure une entente relativement à la nomination, la formation, la surveillance et le soutien administratif des juges de paix nommés aux termes du présent article par le gouverneur en conseil. La province concernée sera invitée à participer à l'élaboration de cette entente et à être partie à celle-ci.

19.9 Aux fins des poursuites, la première nation peut se prévaloir d'une ou de plusieurs des mesures suivantes :

- a) embaucher ses propres procureurs;
- b) conclure avec le Canada et le gouvernement provincial concerné une entente prévoyant le recours à un procureur provincial;

20.3 For greater certainty, and subject to Part VII, the Atomic Energy Control Act or any successor legislation continue to apply to First Nation lands.

21. INAPPLICABLE SECTIONS OF INDIAN ACT AND REGULATIONS

où elles sont incompatibles avec la loi de ratification.

20.2 La Loi sur les mesures d'urgence est applicable sur les terres de première nation, même si elle est incompatible avec la loi de ratification. Cependant, la réquisition d'intérêts ou de droits fonciers sur les terres de première nation aux termes de la Loi sur les mesures d'urgence doit être expressément autorisée par un décret.

20.3 Sous réserve de la partie VII, il est entendu que la Loi sur le contrôle de l'énergie atomique, ou toute loi qui la remplace, continue de s'appliquer sur les terres de première nation.

21. INAPPLICABILITÉ DE CERTAINS ARTICLES DE LA LOI SUR LES INDIENS ET DES RÈGLEMENTS Y AFFÉRENTS

21.1 Dès l'entrée en vigueur de son code foncier, la première nation, ses membres et les terres de première nation, cessent d'être assujettis aux dispositions suivantes :

22. EXISTING FIRST NATION BY-LAWS

22.1 A First Nation will continue to have the authority under the Indian Act to make by-laws.

PART V ENVIRONMENT

23. GENERAL PRINCIPLES

23.1 The council of a First Nation with a land code in effect will have the power to make environmental laws relating to First Nation land.

23.2 The Parties intend that there should be both an environmental assessment and an environmental protection regime for each First Nation.

23.3 The principles of these regimes are set out below.

Indiens;

f) l'article 93 de la Loi sur les Indiens;

g) les règlements pris en application de l'article 57 de la Loi sur les Indiens;

h) les règlements pris en application des articles 42 et 73 de la Loi sur les Indiens dans la mesure où ils sont incompatibles avec le présent accord, avec le code foncier ou avec les textes législatifs de la première nation.

22. RÈGLEMENTS ADMINISTRATIFS ACTUELS DE LA PREMIÈRE NATION

22.1 La première nation conserve le pouvoir d'adopter des règlements administratifs aux termes de la Loi sur les Indiens.

PARTIE V ENVIRONNEMENT

23. PRINCIPES GÉNÉRAUX

23.1 Le conseil de la première nation ayant un code foncier en vigueur a le pouvoir d'édicter des textes législatifs de nature environnementale concernant les terres de première nation.

23.2 Les Parties s'entendent pour qu'il y ait un régime de protection de l'environnement et un régime d'évaluation environnementale pour chaque première nation.

23.3 Les principes de ces régimes sont énoncés ci-dessous.

23.4 The environmental assessment and protection regimes will be implemented through First Nation laws.

23.5 The Parties agree to harmonize their respective environmental regimes and processes, with the involvement of the provinces where they agree to participate, to promote effective and consistent environmental regimes and processes and to avoid uncertainty and duplication.

23.6 This Agreement is not intended to affect rights and powers relating to migratory birds or endangered species. These matters may be dealt with in the context of other negotiations. This Agreement is not intended to determine or prejudice the resolution of these issues.

24. ENVIRONMENTAL MANAGEMENT

24.1 Subject to clause 27, a First Nation with a land code in effect will develop an environmental protection regime, with the assistance of the appropriate federal agencies to the extent that they agree to participate.

24.2 Each First Nation agrees to

harmonize environmental protection with the province in which the First Nation is situated, where the province agrees to participate

23.4 Les régimes de protection et d'évaluation environnementales seront mis en oeuvre par des textes législatifs de la première nation.

23.5 Les Parties conviennent d'harmoniser leurs régimes et processus environnementaux respectifs, en invitant les provinces à participer à cette opération si celles-ci le souhaitent, dans le but de promouvoir l'uniformité et l'efficacité des régimes et processus environnementaux et d'éviter les incertitudes et le double emploi.

23.6 Le présent accord n'a pas pour effet de modifier les droits et pouvoirs concernant les oiseaux migrateurs et les espèces en voie de disparition. Ces questions pourront faire l'objet d'autres négociations. Le présent accord n'a pas pour objet de déterminer la résolution de ces questions ou d'y porter préjudice.

24. GESTION DE L'ENVIRONNEMENT

24.1 Sous réserve de l'article 27, une première nation qui a un code foncier en vigueur élaborera un régime de protection environnementale, avec l'appui des organismes fédéraux concernés, dans la mesure où la province accepte de participer.

24.2 Chaque première nation accepte d'harmoniser son régime de protection environnementale avec celui de la province où elle est située, dans la mesure où la province accepte de participer.

24.3 The First Nation environmental protection standards and punishments will have at least the same effect as those in the laws of the province in which the First Nation is situated.

24.4 For greater certainty, if there is an inconsistency between the provision of a federal law respecting the protection of the environment and a provision in a land code or First Nation law respecting the protection of the environment, the federal provision will prevail to the extent of any inconsistency.

25. ENVIRONMENTAL ASSESSMENT

25.1 Subject to clause 27, a First Nation will, with the assistance of the Lands

24.3 Les normes de protection environnementale et penalités de la première nation devront avoir au moins l'effet équivalent à celui des lois de la province où se situe la première nation.

24.4 Il est entendu qu'en cas d'incompatibilité entre une disposition d'une loi fédérale en matière de protection de l'environnement et une disposition d'un code foncier ou d'un texte législatif des premières nations en matière de protection de l'environnement, la disposition fédérale l'emporte dans la mesure de l'incompatibilité.

25. ÉVALUATION ENVIRONNEMENTALE

25.1 Sous réserve de l'article 27, la première nation s'efforce, avec l'aide du

Advisory Board and the appropriate federal agencies, make best efforts to develop an environmental assessment process within one year after the First Nation's land code takes effect, or within such longer period as the Minister and the First Nation may agree to.

25.2 The First Nation and the Minister will, in the individual agreement referred to in clause 6, address how to conduct the environmental assessment of projects on First Nation land during the interim period until the First Nation's environmental assessment process is developed.

25.3 The First Nation's environmental assessment process will be consistent with requirements of the Canadian Environmental Assessment Act.

25.4 The First Nation's environmental assessment process will be triggered in appropriate cases where the First Nation is approving, regulating, funding or undertaking a project on First Nation land. The assessment will occur as early as possible in the planning stages of the project before an irrevocable decision is made.

25.5 The Parties agree that section 10 of the Canadian Environmental Assessment Act will not apply to projects located on First Nation land.

Conseil consultatif des terres et des organismes fédéraux intéressés, d'élaborer un processus d'évaluation environnementale dans l'année suivant l'entrée en vigueur du code foncier de la première nation ou dans un délai plus long convenu entre le ministre et la première nation.

25.2 L'accord distinct conclu entre la première nation et le ministre conformément à l'article 6 doit prévoir les modalités de l'évaluation environnementale des projets devant être réalisés sur les terres de première nation au cours de la période transitoire, jusqu'à ce que la première nation ait élaboré un processus d'évaluation environnementale.

25.3 Le processus d'évaluation environnementale mis sur pied par la première nation doit être compatible avec les exigences de la Loi canadienne sur l'évaluation environnementale.

25.4 Sera un élément déclencheur du processus d'évaluation environnementale dans les cas indiqués, tout projet sur les terres de première nation devant être réalisé, financé, approuvé ou réglementé par celle-ci. Cette évaluation doit s'effectuer le plus tôt possible au cours des premières étapes de la planification du projet avant que des décisions irrévocables ne soient prises.

25.5 Les Parties conviennent que l'article 10 de la Loi canadienne sur l'évaluation environnementale ne s'applique pas aux projets situés sur les terres de première nation.

25.6 The Parties agree to use their best efforts to implement the principle that the First Nation's environmental assessment process be used where an environmental assessment of a project on First Nation land is required by the Canadian Environmental Assessment Act.

25.7 The Parties agree to develop a plan to harmonize their respective environmental assessment processes, with the involvement of the provinces where they agree to participate.

26. OTHER AGREEMENTS

26.1 The First Nation and Canada recognize that it may be advisable to enter into other agreements with each other and other jurisdictions to deal with environmental issues like harmonization, implementation, timing, funding and enforcement.

26.2 Where matters being negotiated pursuant to clause 26.1 normally fall within provincial jurisdiction, or may have significant impacts beyond the boundaries of First Nation land, the parties will invite the affected province to be a party to such negotiations and resulting agreements.

27. RESOURCES

27.1 The Parties understand that the obligation of a First Nation to establish

25.6 Les Parties s'efforceront de mettre en œuvre le principe selon lequel le processus d'évaluation environnementale de la première nation sera appliqué lorsque la Loi canadienne sur l'évaluation environnementale exige qu'un projet devant être réalisé sur des terres de première nation fasse l'objet d'une telle évaluation.

25.7 Les Parties conviennent d'élaborer un plan visant à harmoniser leurs processus d'évaluation environnementale respectifs, avec la participation des provinces si celles-ci le souhaitent.

26. AUTRES ENTENTES

26.1 La première nation et le Canada reconnaissent qu'il pourrait être souhaitable de conclure d'autres ententes, entre elles et avec d'autres gouvernements, dans le domaine de l'environnement, notamment au sujet des questions d'harmonisation, de mise en oeuvre, de calendrier, de financement et de contrôle d'application.

26.2 Si une question faisant l'objet de négociation en vertu de l'article 26.1 relève normalement de la compétence de la province, ou si de telles questions sont susceptibles d'avoir des effets importants à l'extérieur des terres de première nation, les Parties inviteront la province concernée à être partie à ces négociations et à l'entente qui en résulte.

27. RESSOURCES

27.1 Les Parties reconnaissent qu'une première nation ne peut remplir son

environmental assessment and environmental protection regimes depends on adequate financial resources and expertise being available to the First Nation.

PART VI FUNDING

28. APPROPRIATION

28.1 Any amounts provided by Canada to the First Nations pursuant to funding arrangements in relation to First Nation land shall be paid out of such moneys as may be appropriated by Parliament for this purpose.

29. DEVELOPMENTAL FUNDING

29.1 Canada and the Lands Advisory Board will enter into a funding arrangement to allow the First Nations to develop land codes and community approval processes for their land codes, to negotiate the individual agreements mentioned in clause 6 and to seek community approval under clause 7.

30. OPERATIONAL FUNDING

30.1 An individual agreement between the Minister and a First Nation will determine the resources to be provided by Canada to the First Nation to manage First Nation lands and make, administer and enforce its laws under a land code. The agreement will determine specific funding issues, for example period of time, and terms and

obligation relative à l'établissement de régimes de protection et d'évaluation environnementales que si elle dispose des ressources financières et de l'expertise nécessaires.

PARTIE VI FINANCEMENT

28. CRÉDITS

28.1 Les sommes versées par le Canada aux premières nations conformément aux ententes en matière de financement à l'égard des terres de première nation sont prélevées sur les crédits affectés à cette fin par le Parlement.

29. FINANCEMENT DE DÉMARRAGE

29.1 Le Canada et le Conseil consultatif des terres sont tenus de conclure une entente de financement pour permettre aux premières nations d'élaborer leur code foncier et leur processus d'approbation de la communauté relatif à ce code, de négocier l'accord distinct mentionné à l'article 6 et d'obtenir l'approbation de la communauté prévue à l'article 7.

30. FINANCEMENT DE FONCTIONNEMENT

30.1 L'accord distinct conclu entre le ministre et la première nation fixera les ressources que le Canada s'engage à fournir à la première nation pour que celle-ci gère les terres de première nation et édicte, administre et applique les textes législatifs de la première nation pris en vertu du code foncier. L'accord précisera

conditions.

30.2 A method for allocating such operating funds as may have been appropriated by Parliament will be developed by the Parties and the Lands Advisory Board.

30.3 Unless a First Nation and Canada agree otherwise, an individual agreement respecting the provision of funding under this clause will have a maximum term of five years and will include provisions for its amendment and renegotiation.

31. LANDS ADVISORY BOARD FUNDING

31.1 Canada will enter into a funding arrangement with the Lands Advisory Board for the five year period following the coming into force of this Agreement.

PART VII EXPROPRIATION OF FIRST NATION LAND BY CANADA

32. RESTRICTIONS

32.1 In accordance with the principle stated in clause 13.2, the Parties agree, as a general principle, that First Nation lands will not be subject to expropriation.

32.2 Despite the general principle against expropriation, First Nation land may be expropriated by Canada

(a) only with the consent of the

les différents aspects du financement, par exemple sa périodicité et ses modalités.

30.2 Les Parties et le Conseil consultatif des terres sont tenus d'élaborer une méthode d'attribution des fonds de fonctionnement autorisés par le Parlement.

30.3 À défaut d'entente contraire de la première nation et du Canada, l'accord distinct concernant le financement prévu par le présent article sera en vigueur pour une durée maximale de cinq ans et prévoira des dispositions concernant sa modification et sa renégociation.

31. FINANCEMENT DU CONSEIL CONSULTATIF DES TERRES

31.1 Le Canada est tenu de conclure avec le Conseil consultatif des terres une entente de financement qui portera sur une période de cinq ans à partir de l'entrée en vigueur du présent accord.

PARTIE VII EXPROPRIATION DE TERRES DE PREMIÈRES NATIONS PAR LE CANADA

32. RESTRICTIONS

32.1 Conformément au principe énoncé à l'article 13.2, les parties conviennent qu'en règle générale, les terres de première nation ne peuvent faire l'objet d'une expropriation.

32.2 Malgré le principe général voulant que les terres ne puissent faire l'objet d'une expropriation, le Canada peut toutefois exproprier les terres de première nation, si les conditions suivantes sont

Governor in Council; and

- (b) only by and for the use of a federal department or agency.

32.3 The Governor in Council will only consent to an expropriation of First Nation land if the expropriation is justifiable and necessary for a federal public purpose that serves the national interest.

32.4 When making a decision to expropriate First Nation land, the Governor in Council, in addition to other steps that may be required before making such a decision, will at a minimum follow these steps:

- (a) it will consider using means other than expropriation and will use those other means where reasonably feasible;
- (b) it will use non-First Nation land, where such land is reasonably available;
- (c) if it must use First Nation land, it will make reasonable efforts to acquire the land through agreement with the First Nation, rather than by expropriation;
- (d) if it must expropriate First Nation land, it will expropriate only the smallest interest or land right necessary and for the shortest time required; and

- b) l'expropriation est faite par un ministère ou un organisme fédéral pour ses seuls besoins.

32.3 Le gouverneur en conseil ne consentira à l'expropriation de terres de première nation que si cela est justifiable et nécessaire à des fins d'intérêt public national relevant de la compétence fédérale.

32.4 Avant de donner son consentement à une expropriation de terres de première nation, le gouverneur en conseil, en plus des autres mesures qui peuvent être requises, prendra au moins les mesures suivantes :

- a) il envisagera d'autres moyens que l'expropriation et utilisera ces moyens lorsque cela est raisonnablement faisable;
- b) il utilisera des terres autres que celles d'une première nation, lorsque de telles terres sont raisonnablement disponibles;
- c) s'il faut utiliser des terres de première nation, il s'efforcera de procéder à l'acquisition des terres par convention avec la première nation et non par expropriation;
- d) s'il doit exproprier des terres de première nation, il veillera à ce que l'expropriation se limite au strict nécessaire, tant en ce qui touche l'étendue de l'intérêt ou du droit foncier que la

32.6 Where a First Nation objects to a proposed expropriation it may refer the issue to an independent third party for a neutral evaluation under Part IX, within 60 days of the release of the report referred to in clause 32.5.

32.7 An order of the Governor in Council consenting to the expropriation will not be issued earlier than

- (a) the end of the 60 day period referred to in clause 32.6; or

32.6 Si une première nation s'oppose à un projet d'expropriation, elle peut, dans les 60 jours de la publication du rapport mentionné à l'article 32.5, renvoyer l'affaire à une tierce partie indépendante pour conciliation aux termes de la Partie IX.

32.7 Un décret du gouverneur en conseil consentant à l'expropriation ne sera pas émis avant :

- a) soit l'expiration du délai de 60 jours prévu à l'article 32.6;
- b) soit le jour où l'opinion ou la recommandation du conciliateur est publiée, si la première nation renvoie le projet d'expropriation à un conciliateur, en application de l'article 32.6.

33. INDEMNISATION PAR LE CANADA

33.1 In the event of the expropriation of First Nation land by Canada under this Part, Canada will provide compensation to the First Nation in accordance with this clause.

33.2 The compensation will include alternate land of equal or greater size or of comparable value. If the alternate land is of less than comparable value, then additional compensation will be provided. The alternate land may be smaller than the land being expropriated only if that does not result in the First Nation having less land area than when its land code took effect.

33.3 The total value of the compensation provided by Canada under this clause will be based on the following:

- (a) the market value of the land or interest or land right that is acquired;
- (b) the replacement value of any improvement to the land that is acquired;
- (c) the damages attributable to disturbance;
- (d) the value of any special economic advantage arising out of or incidental to the occupation or use of the affected First Nation land to the extent that this value is not otherwise

33.1 Si le Canada exproprie des terres de première nation sous le régime de la présente partie, il est tenu d'indemniser la première nation conformément aux termes du présent article.

33.2 L'indemnité comprendra des terres substitutives ayant une superficie égale ou supérieure ou ayant une valeur comparable à celles qui ont été expropriées. Si les terres substitutives ont une valeur inférieure aux terres expropriées, le Canada est alors tenu d'offrir une indemnité supplémentaire. Les terres substitutives peuvent avoir une superficie moindre que les terres expropriées seulement si, à la suite de l'opération, la première nation dispose d'une superficie de terres qui n'est pas inférieure à celle qu'elle avait lorsque son code foncier est entré en vigueur.

33.3 La valeur totale de l'indemnité versée par le Canada aux termes du présent article doit tenir compte des éléments suivants :

- a) la valeur marchande des terres ou de l'intérêt ou du droit foncier acquis;
- b) la valeur de remplacement des améliorations apportées aux terres acquises;
- c) les dommages attribuables au trouble de jouissance;
- d) la valeur de tout avantage économique particulier découlant ou résultant de l'occupation ou de l'utilisation des terres de première nation concernée, dans la mesure où cette valeur n'a pas déjà donné lieu à

(f) damages for any adverse effect on any cultural or other special value of the land.

33.4 If the value and nature of the compensation cannot be agreed upon by the federal department or agency and the affected First Nation, either party may refer a dispute on compensation to arbitration under Part IX.

33.5 In any province or territory other than Québec, any claim or encumbrance in respect of the interest, or in Québec any right, charge or claim in respect of the land right, expropriated by Canada may only be claimed against the amount of compensation that is otherwise payable to the person or entity whose interest or land right is being expropriated.

33.6 Interest on the compensation is payable from the date the expropriation takes effect, at the same rate as for prejudgment interest in the superior court of the province in which the First Nation land is located.

34. STATUS OF LANDS

33.4 En cas de différend relatif à la valeur ou à la nature de l'indemnité, le ministère ou l'organisme fédéral ou la première nation peut saisir un arbitre de tout différend relatif à l'indemnité aux termes de la Partie IX.

33.5 Dans les provinces ou territoires autres que le Québec, le recouvrement de toute réclamation ou tout grèvement concernant l'intérêt exproprié par le Canada, ou dans la province de Québec, le recouvrement de tout droit, charge ou réclamation concernant le droit foncier ainsi exproprié, ne peut être demandé que jusqu'à concurrence de l'indemnité par ailleurs payable à la personne ou à l'entité dont l'intérêt ou le droit foncier est visé par l'expropriation.

33.6 L'indemnité porte intérêt à partir de la prise d'effet de l'expropriation, au taux applicable à l'intérêt avant jugement applicable devant la Cour supérieure de la province où sont situées les terres de première nation.

34. STATUT DES TERRES

34.1 Dans les cas où l'expropriation par le Canada porte sur moins que la totalité de

- (c) the First Nation may continue to use and occupy the land, except to the extent the use or occupation is inconsistent with the expropriation.

34.2 Alternate land accepted by the First Nation as part of the compensation will become both a reserve and First Nation land.

35. REVERSION OR RETURN OF INTEREST IN LAND RIGHT IN FIRST NATION LAND

35.1 In any province or territory other than Québec, where an expropriated interest in First Nation land which is less than the full interest of the First Nation in the land is no longer required by Canada for the purpose for which it was expropriated, the interest in land will revert to the First Nation.

35.1A In the province of Québec, where the expropriated land right in First Nation land constitutes only part of the land right of the First Nation in the land, and it is no longer required by Canada for the purpose for

SAMPLE

UNREGISTERED VOTE COMMUNITY APPROVAL CALCULATION (WITHOUT VOTER REGISTRATION)

In this scenario we will look at 1000 Eligible Voters under an Unregistered Vote:

Total Eligible Voters = 1000

At least 50% of total Eligible Voters + 1 need to vote = 501

At least 50% of those who vote + 1 need to vote yes = 252

Framework Agreement minimum requirements for this scenario

At least 25% of Total Eligible Voters +1 need to vote yes = 251

Ratification Process Results

(A) Number of Eligible Voters necessary to constitute a Majority = 252

(B) Minimum Requirements (25% plus 1 Eligible voters) = 251

NOTE:

With this approach the number of Eligible Voters that need to vote is 501 whereas in the registered example approval would have been achieved with a lower Eligible Voter turnout (400 Registered Eligible Voters). It is harder to get 501 Eligible Voters to turn out to vote than it is to get 400 Eligible Voters to register and vote. Both the registered and unregistered example met the *Framework Agreement* mandatory requirement, "that the ratification documents could not be approved unless there were a least 25% + 1" Yes votes (251).

REGISTERED VOTE COMMUNITY APPROVAL CALCULATION (WITH VOTER REGISTRATION)

In this scenario we will look at 1000 Eligible Voters under a Registered Vote:

$$\text{Total Eligible Voters} = 1000$$

$$\text{Total Registered Eligible Voters} = 400$$

$$50\% \text{ of total Registered Eligible Voters} + 1 = 201$$

Framework Agreement minimum requirements for this scenario

$$25\% \text{ of Total Eligible Voters} + 1 = 251$$

Ratification Process Results

$$(A) \text{ Number of Registered Voters necessary to constitute a majority} = 201$$

$$(B) \text{ Minimum Requirements (25\% plus 1 Eligible voters)} = 251$$

NOTE:

For this approach (B) Framework Agreement minimum requirements (251) had to be used as approach (A) Number of Registered Voters necessary to constitute a majority did not meet the minimum requirements. With the (B) approach the number of Yes votes (251) can be obtained with a lower voter turnout (400 Total Registered Eligible Voters) then the “unregistered” (501) voter turnout approach because only Eligible Voters who register can vote. This example calculation demonstrates that the FN can meet the requirements of the *Framework Agreement* with a lower voter turnout. This actually seems to increase voter turnout because the approach causes considerable dialogue between the FN administration and their eligible voters. This dialogue creates interest and understanding of the process and the Land Code.
