

Examples of Planning Questions for an Operational Community

Higher Level Governance Questions

- » What is our Vision? Where do we want to go as a community?
- » How do our community's traditional Indigenous values and knowledge systems inform how we plan and make our decision-making processes?
- » How does the climate crisis inform how we manage our lands?

Medium Level Operational Questions

- » Do we need an Allotment Law?
- » Do we have traditional interests?
- » What can landowners do with their property?
- » Should we place restrictions on what land uses can happen on allotted land? First Nation Land?

First Nations under a Land Code act as governing bodies and have to make difficult decisions about the land and its uses. If you and your community are making decisions related to Lands, what values inform how you make that decision?

Ground or Site Level - Immediate Decisions

- » Should we approve/deny a development application?
- » Should we allow a housing development to occur on a sensitive ecosystem?
- » Should we allow for commercial timber harvesting in a traditional use area?
- » How do we deal with cross-jurisdictional environmental issues?
