Read-Access (Redacted) – Allows user to; search for and view instrument records, run reports, and view and download documents where personal and sensitive information has been redacted

Read Access (Protected-B) – Same access as above plus, allows user to search for and view instrument records, run reports, and view and download un-redacted Protected-B documents. Requires applicant to coordinate with First Nation to complete the “First Nation Approval” section below

Write-Access/Initiate – Same access as above plus, allows user to create new instrument records and progress them to the initiated stage by entering data and uploading documents. Requires applicant to coordinate with First Nation to complete the “First Nation Approval” section

CITRIX FNLRS Training – All First Nation users should have access for capacity-building sessions (HQ/RC)

Note: If Applicant does not need access to the above options, they can create their own account to access reports and searches through the ILRS Public Site: http://services.aadnc-aandc.gc.ca/ILRS_Public

FIRST NATION APPROVALS

Special access to FNLRS requires approval from a First Nation that has lands managed under the FNLMA act. Applicants may not approve their own access.
